

To whomever this may concern,

I am Dr. Sanjay Dina Patil, an elected member of the Lok Sabha, representing the Mumbai North-East constituency. In May of 2024, as per the results of India's national election, I was once again elected to Parliament for a 5 year term.

Ranbir Singh worked with my election campaign in April and May as a social media intern. The scope of work assigned to Ranbir ranged from handling the Lok Sabha instagram page, with over 33,000 followers, posting daily stories and pictures from the campaign trail. He also contributed to my twitter account, tweeting over 25 tweets over the three week course of the Lok Sabha campaign. During his time on my team, Ranbir liaised with multiple teams and helped coordinate the messaging and branding that was essential to my campaign. Ranbir was essential in the brainstorming of new ideas like voter registration campaigns outside popular cafes in my constituency. This helped us reach a younger age group of voters, which is paramount in an increasingly younger electorate.

The enthusiasm with which Ranbir approached each task was second to none. He was always ready to go, and displayed a tremendous amount of passion for learning more about every situation he was placed in. Ranbir was well-spoken and able to efficiently communicate ideas, as well as build upon feedback given to him in a way that is remarkable for someone his age.

Ultimately, Ranbir contributed greatly to our campaign with his creativity and his energy. His passion for politics and economics amplified his work ethic and understanding of his role, which was reflected in the quality and proficiency of his work. It was a great pleasure to have him working with us, and he will be an asset to any institution that he may join. I wish him the very best for his future endeavors.

Sanjay Dena Patil,
House of Parliament, Lok Sabha
Mumbai - North East
Maharashtra

Punctual, open to feedback, team player, new generation interest, future is bright
